THE FACTS ABOUT MEDICAID AND PEACHCARE

Medicaid

WHAT IS IT?
Medicaid is a jointly funded, Federal-State health insurance program for low-income and needy people.

HOW IS IT FUNDED?
Medicaid is financed through a combination of federal and state funds. The federal dollars vary from year to year based on facts like the per capita income.

WHAT DOES IT COVER?
It covers children, the aged, blind, and/or disabled people people.

WHO CAN GET IT?
All Georgia Medicaid beneficiaries must be US citizens or legal residents for 5 years.

PeachCare

Also known as the Children's Health Insurance Program (CHIP)

WHAT IS IT?
Peachcare is a federal assistance program that helps states provide insurance for low-income children whose families make too much to allow them to qualify for Medicaid coverage, but make too little to provide the insurance on their own.

HOW IS IT FUNDED?
To fund CHIP, the federal government pays Georgia in the form of a block grant, which covers about 75% of the cost. The state matches the remaining amount (25 % or so)

WHAT DOES IT COVER?
In Georgia, Chip covers children of families earning at or below 247% of the federal poverty level (FPL) (that's at or below $58,188 for a family of four)

WHO CAN GET IT?
In Georgia, CHIP/PCK covers primary, preventive, specialty, dental and vision care for enrolled children ages 18 and under. In addition, the insurance covers hospitalization, emergency room visits, prescription medications and mental health care.
