Be a Leader! Invite an administrator or director to talk about being a leader. Afterwards, ask the children to share leaders they know and how they can be leaders in the class and at home. Play follow the leader in the classroom or as a parade down the hall, swapping out who gets to lead! Check out our book activities for more fun ideas - tinyurl.com/bookactivities24

To commemorate the final day of Pre-K Week, we want to hear from YOU! Record a quick video clip of you + your Pre-K students saying a brief line, such as "We love Pre-K!" and post the video directly to your social media. Be sure to use the hashtag #GaPreKWeek in anything you post!
