Voices for Georgia’s Children promotes equity, quality, and accessibility in systems created to serve children’s needs. Framed in a holistic “whole child” perspective, our works allows us to identify how different laws, policies and budget investments impact Georgia’s children, and propose solutions to benefit Georgia’s children.

WHAT?
We stand up for kids! Our core purpose is to improve the well-being of all of Georgia’s children.

WHY?
We believe all children deserve to have their needs met and the opportunity to reach their full potential.

HOW?
We educate, convene, and influence the community and policy makers through research, relationships and relevance.
