Quality Early Learning in Georgia

Quality early care and learning is essential to the growth and development of Georgia’s youngest learners. Multiple studies have shown how quality impacts outcomes for young children in their early years and well beyond.

**WHAT IS QUALITY?**

<table>
<thead>
<tr>
<th>Elements of quality early care should:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Have low child-teacher ratios</td>
</tr>
<tr>
<td>Implement individualized instruction</td>
</tr>
<tr>
<td>Employ qualified and well-trained teachers</td>
</tr>
<tr>
<td>Ensure a clean and safe environment</td>
</tr>
<tr>
<td>Engage and support families</td>
</tr>
<tr>
<td>Promote proper physical, social, and emotional development</td>
</tr>
<tr>
<td>Support academic growth particularly in language and literacy</td>
</tr>
<tr>
<td>Provide supports for dual-language learners</td>
</tr>
</tbody>
</table>

**QUALITY INITIATIVES IN GEORGIA**

**Georgia Early Learning and Development Standards**

The Georgia Early Learning and Development Standards (GELDS) are a set of high-quality, research-based, appropriate, attainable standards that are flexible enough to support individual rates of development, approaches to learning, and cultural context for children from birth to age five. The GELDS promote quality learning experiences for children and address the question, “What should children from birth to age five know and be able to do?” The GELDS are aligned with the Georgia Standards of Excellence (GSE) for K-12, as well as the Head Start Early Learning Outcomes Framework, and the Work Sampling System.

The GELDS are a continuum of skills, behaviors, and concepts that children develop throughout this time of life, divided by age group, into these five domains:

**Early Education Community Partnerships Team**

The DECAL Early Education Community Partnerships Team supports, sustains, and expands the impactful work across Georgia’s Race to the Top Early Learning Challenge Grant—Early Education Empowerment Zones (E3Zs).

DECAL is continuing its investment in community outreach and engagement through the Early Education Community Partnerships (EECP) Team. This team is composed of six Community Coordinators assigned to each DECAL administrative region of the state. These Community Coordinators share information about DECAL resources and collaborate with community organizations to improve learning outcomes for young children.

The EECP Team also engages with local stakeholders to coordinate the delivery of available services for young children and their families, with priority given to efforts that expand access to high-quality care through Georgia’s Quality Rated Child Care system. Specific efforts led by regional Community Coordinators include working with community stakeholders to align systems for children ages birth to 8, fostering public awareness of early education services, serving as a local resource and referral for all DECAL programs and services, and convening regional birth-to-eight teams and child care engagement networks.

Quality Rated is a voluntary tiered quality rating and improvement system for early and school-age care programs administered by DECAL. Quality Rated is meant to assess, improve, and communicate the level of quality of a child care program.

To become Quality Rated, programs must score well on portfolios with self-reported information and classroom observations conducted by trained assessors. Star rated programs receive packages with training, materials, and equipment.

Quality Rated is a three-star rating system that awards programs a star rating based on standards.

Benefits for Parents and Families

Quality Rated is an independent, trustworthy resource that helps families find high-quality child care and Pre-K programs.

Parents can use the FREE, online search tool to access information about specific programming, including safety and inspection reports, teacher credentials, and ages served. To find Quality Rated programs, visit www.QualityRated.org.

Benefits to Georgia

Regardless of their rating, all programs that participate are committed to improving the quality of their program by going above and beyond Georgia’s licensing standards. At a community and state level, Quality Rated creates a shared understanding of quality learning and a commitment to achieving it. Due to the pandemic, DECAL has extended its 2020 goal that all eligible CAPS providers must be star rated by December 31, 2020, to at least December 31, 2021.

Of the 4,579 state licensed and monitored child care programs, more than 2,400 are Quality Rated.
