2 Minute Advocacy Ask

Time at the capitol is weird. I am fully convinced that as soon as you pass through one of those metal detectors, there is some crazy Albert Einstein – Steven Hawkins theory of time thing that happens as a result – Relativity battles String Theory or Doctor Who makes a guest appearance on Back to the Future. You can find out that the bill you thought died last year in Rules is not dead after all, but Franken-walking through the Capitol Building like some kind of Walking Dead zombie. And let's not even talk about the food-time continuum. The sandwich you carefully placed in your bag this morning is lost and forgotten below a pile of house composites, re-found umbrellas, and a fine assortment of advocacy buttons, lapel pins, old cookies, and, oddly, your kid's 3rd grade science project. Unfortunately, your kid is now in 4th grade and the project was about eggs, but never mind that. You don't have time to eat your mushed up sandwich anyway - plus, you have kind of lost your appetite.

Perhaps nobody can speak to the weird passing of time better than our beloved House Appropriations Chairman, Terry England. Chairman England announced this week that he would not be running for office again after an impressive 18 sessions as a state representative. By my reckoning, he has weathered two recessions, multiple hurricanes, approximately 37.2 million floor debates, and an above average pandemic. Through all of that he has been the epitome of thoughtfulness, good humor, and integrity. But I'm sure, as he said in this week's Voices' Kid Talks episode, he could use a year-long nap. We wish him all the best.

In other news, the Mental Health Parity Act had its first hearing (nearly 3 hours!) and is still a little bit “under construction,” so we are expecting another hearing this week. The Amended FY22
Legislative Update – February 21, 2022

The budget is in the process of being vetted by the Senate and the Big Budget, the FY23, is having hearings in the House. Gobs of bills are being heard in gobs of committees as the race against time to Crossover Day begins. Perhaps ironically, Crossover Day is slated for the Ides of March (March 15), a day that the ancient Romans used as a deadline for settling debts. It is also the day that Julius Caesar was supposed to “beware” of. Let’s all just hope that that kind of old Roman zombie doesn’t pony up with H.G. Wells and jump in a Time Machine to Georgia. We certainly don’t need any of that kind of bad juju in the State Senate!

Anyway, my smart phone alarm is going off. I guess it’s time to head home and pick up my dry cleaning…Wait! Looks like my alarm has been going off since January 10th! Where’s that time machine when I really need one?

See you next week…or yesterday…or whenever!

2 MINUTE ADVOCACY ASK

Pick one and act!

1) **Adding Evidence-Based Home Visiting (EBHV) Funding to the Budget**

**The Ask:** Ask members of the House Appropriations Health Subcommittee to add $6.5 million to the budget for evidence-based home visiting in the Dept. of Public Health in order to expand to 21 more high-needs counties.

**The Details:** Evidence Based Home Visiting (EBHV) provides new parents the supports they may need when having a baby. EBHV gives at-risk pregnant women, new moms, and families with children 0-5 years old the skills and supports they need to best care for a new baby and navigating such a change within a household.

**The Why:**

The overall goals of home visiting programs are to:
- Increase healthy pregnancies
- Improve parenting skills
- Improve child health and development
- Strengthen family connectedness to community support
- Reduce child abuse and neglect
- Help ensure good mental health for parents and children 0-5 years old

Home Visits Outcomes:
- In 2020, more than 23,000 home visits were conducted for nearly 2,000 Georgia families in 17 counties
- 100% of those referred to early interventions services for developmental delays received services in a timely manner
- 99% had no reports of maltreatment
- 97% spent quality time with a caregiver (e.g. read a story, sang songs)

Check out our groovy [EBHV Fact Sheet](#) for more information

**The Message:**

Dear Representative __________,

Please add $6.5 million to the budget for evidence-based home visiting (EBHV) in the Dept. of Public Health in order to expand such programs to 21 additional high-needs counties. Evidence Based Home Visiting can help ensure healthy pregnancies, good parenting skills, child health and development, good mental health for parents and children 0-5 years old, and reduce the odds of child abuse and neglect. Thank you for your consideration of this request and for all that you do for the children and families of Georgia.

2) Fund the Georgia Apex Program in the Budget

The Ask: Ask members of the House Appropriations Committee to fund the Georgia Apex Program at $4 Million in the FY 2023 Budget (under the Dept. of Behavioral Health and Developmental Disabilities).

The Why:

- The successful Georgia Apex Program (Apex), funded by the Georgia Department of Behavioral Health and Developmental Disabilities (DBHDD), builds capacity, and increases access to mental health services for school-aged youth, Pre-Kindergarten to 12th grade, throughout the state.
- 15,607 students used Apex in 650 participating schools (30%) in FY2021
- There are currently more than 730 schools with a Georgia Apex Program
- For more details, check out this Apex factsheet
- COVID has expanded mental health challenges faced by all, including our children and youth
- Funding appropriated in years past runs out in FY2023. It will take an estimated $4 Million to maintain the current level of Apex programming.
- To understand child and adolescent behavioral health needs, check out these additional factsheets:
  - School Based Mental Health Programs: How they Work
  - Georgia’s Crisis in Child and Adolescent Behavioral Health

The Message:

Dear Representative ____________,

The successful Georgia Apex Program provides school-based access to mental health services for children Pre-K through 12th grade across the state. Last year alone, the program served more than 15,600 students. The state-sponsored program, however, is expected to run out of one-time funding (allocated two years ago) in FY 2023. Please appropriate $4 Million to keep the program running at its best and serving the children in our schools. Thank you for your attention to this situation and for your service to the children and families of our great state.
